Visionary Leadership

Mr. Vineet Jain, a visionary leader and a media industry powerhouse, has significantly impacted India's media and education landscape through his dedication to empowering youth. Inspired by his belief in the potential of educated and engaged young minds, he founded Bennett University in 2016, embodying his commitment to excellence and innovation in higher education.

As the Managing Director of India's oldest, largest, and most respected media conglomerate, Bennett, Coleman & Co. Limited (known as Times Group), Mr. Vineet Jain has played an instrumental role in steering the entire spectrum of BCCL's operations. This includes overseeing content creation and editorial strategies for the group even as he has driven the diversification and expansion of what began as a traditional publishing business under the flagship The Times of India into a diversified and expansive media empire.

Industry Academic Partnerships

Bennett University is committed to fostering collaborative partnerships with industry leaders to provide students with practical training and research opportunities, bridging the gap between academia and industry. These partnerships involve joint research and development efforts in emerging technologies such as AI, Big Data, and Cloud Computing, as well as providing students with training, internships, and certification programs through collaborative partnerships with industry partners such as Apple, AWS, Cisco, Grant Thornton and Xebia among others. The University is also focused on integrating industry-specific knowledge into the curriculum, fostering immersive learning experiences and establishing an incubation center to support startups and existing companies. In addition, the campus adoption program aims to make students corporate-ready, while the NASSCOM, FutureSkills PRIME platform provides opportunities for continuous self-paced learning and skill development in emerging technologies.

Bennett University also emphasises collaboration with other academic institutions in fields of commerce, business, economics, management and law.

Research

At Bennett University, we imbibe that a university stands for its quality research and focus on finding sustainable solutions to modern world problems. The research is nurtured through various academic programs run by schools and sponsored projects funded by the government agencies like DBT, DST, and Industry.

Recognized as a Scientific and Industrial Research Organization (SIRO) by Dept. of Scientific and Industrial Research, Ministry of Science & Technology, Govt. of India.

School of Global Pathways

USA, UK, FRANCE, or ITALY

Pursuing higher education abroad is a remarkable opportunity that broadens horizons, fosters personal growth, and opens doors to global career opportunities. However, this journey often comes with challenges—complex application procedures, cultural adaptation concerns, and uncertainty about employment opportunities.

Global Programs at Bennett University provide students a seamless solution to address these concerns. The programs are designed to offer students unparalleled international exposure while ensuring a smooth and cost-effective transition to our renowned partner universities—Iowa State University and Kent State University, USA and the University of Essex, the University of Reading and the University of Birmingham UK. Through our structured credit transfer system, students gain access to world-class academic resources at an optimal cost.

Beyond academic excellence, the program enhances career prospects by enabling students to work in their destination countries, equipping them with valuable global experience. Additionally, the Global Programs ensure a secure and well-supported educational journey, minimising potential risks and uncertainties associated with studying abroad.

Take the first step towards a future without boundaries with Global Programs at Bennett University.

Education Loan

To support students in pursuing their education without financial constraints, Bennett University has partnered with leading banks in the country to facilitate education loans for those in need. While the university enables access to these financial assistance options, it serves solely as a facilitator and does not act as a guarantor. The process of eligibility assessment and loan disbursement is handled directly between the respective bank and the student.
